Research Progress

1) Advising Session Grade: Yellow: Some Progress

2) What did they do well?

Good first meeting. Came prepared with a thorough slide deck and organized references excel document. Good initiative to get ahead by requesting public information from external institutions.

3) What needs work with suggestions on how to improve?

Need to think about how to focus the many pieces of this research into something actionable and appropriate. There are lots of moving parts in this research and we need to start consolidating.

Start utilizing the literature review to narrow down methodology between discrete event simulation and system dynamic simulation.

4) Is there any feedback from prior advising sessions that is not addressed or that the student does not have a plan to address? No

5) Did the advisee miss the meeting or fail to send their presentation? No

6) Did the advisee display inappropriate behavior or ignore advice? No

7) Any Additional Comments?

Need to lock in data sources soon. Make sure all data from external institutions are for public release and available to the public (github, dropbox, etc.)
